MORE CAMPING FOR LESS

Welcome to Passport Ultra Lite by Keystone. Developed by the industry leader in travel trailers and fifth wheels, Keystone set out to develop a true, full line, ultra lite product that brings best in class features and value to the market. Once again, Keystone delivers with the Passport Ultra Lite!

With customer demand for lightweight fuel efficient travel trailers at an all time high, the Passport from Keystone is sure to be the pick of families who want to maximize fuel efficiency, but still maintain all the conveniences of a well appointed, feature packed RV. Passport identified the four most important priorities for our customers: floor plan, weight, eye appeal and price; then designed the Passport to be the perfect combination of all four. Creative engineering has enabled Passport to include high-end amenities without adding pointless weight. Its sleek aerodynamic front-end design and enclosed underbelly reduces wind resistance and increases fuel efficiency. In addition, the "Load Equalization", spread-axle system assists in lowering hitch weight and makes towing easier. The Passport family can be easily towed with a half-ton pickup or SUV and the Passport Express can be towed by some smaller SUVs, crossovers or vans.

Sure, towability led you to the Passport, but when you need a travel trailer for those fun weekends or the extended cross country excursion you realize Passport has a full array of features and conveniences built into every model! You know you have arrived at the pinnacle of lite weights when you roll in with a Passport.

GO ANYWHERE.

Express Super Lite

Grand Touring

Elite

One word describes the Passport Grand Touring. Amazing! The Passport Grand Touring didn't get the memo that it was suppose to act like the other lite weights. With size and features of a full size camper, this Passport is still made for today's SUV's and half ton vehicles. So go ahead live large and go lite, and get more with a Passport **Grand Touring**.

Taking camping to the next level, Passport has created the ultimate in lightweight luxury! Once inside, you will see why the wide open spaces, all the amenities and high end finishes make this ultra-lite travel trailer **Elite** indeed.
